VkClearValue

```
graph BT; A[VkClearValue] -.->|color| B[VkClearColorValue]; A -.->|depthStencil| C[VkClearDepthStencilValue];
```

The diagram illustrates the relationship between three Vulkan clear value structures. At the bottom is a grey box labeled 'VkClearValue'. Two dashed purple arrows point upwards from this box. The left arrow points to a white box labeled 'VkClearColorValue' and is labeled 'color'. The right arrow points to a white box labeled 'VkClearDepthStencilValue' and is labeled 'depthStencil'.
